

Code of Ethics Agreement for MSW applicants

The expectation of professional social work behavior is grounded in the National Association of Social Workers (NASW) Code of Ethics. Please read the Code of Ethics available at <https://www.socialworkers.org/About/Ethics/Code-of-Ethics>.

Sign and date this form and upload it through the student portal as a Supplemental Application.

I have read the NASW Code of Ethics and agree to abide by them should I be accepted into the MSU MSW program. I understand that failure to demonstrate the markers of professional behavior and/or social work values and ethics as described in the NASW Code of Ethics may impede my progress in the program and may result in actions up to and including termination from the program. I understand that, although they may overlap, this differs from the academic review process in that it is not based on academic markers, but those that are necessary for professional social work development and behavior as a social work professional, and demonstrate my readiness for work in the field.
