Getting Ready for Change

What We Need to Know

**IF** the Quality of City of Flint water continues to meet Lead and Copper rules after June 30, 2017 State Point Of Distribution Sites (PODS) will begin to close with a seven day notice.

Residents should still use filters until further notice.

**Then:**

**July 2017**
Home Delivery of bottled water may end. PODS will begin to close.

**Aug**
PODS will continue to close. 2 will remain open.

**Sept**
All PODS will close and bottled water will no longer be supplied by the State. Filters and replacement cartridges will still be available at City Hall, HELP Centers and other locations.
Getting Ready for Change

Additional Information

**Tap Water Testing**
Water testing kits will continue to be provided, free of charge, for residents to test their water.
